That's Milestone

-Fine Art Services-

Milestone Fine Art Limited (est. 2005, Hong Kong) provides global end-to-end services. Our network spans 100+ countries. We serve private collectors, galleries, auction houses, museums, and art institutions with unique, tailored solutions that are safe, efficient, and cost-effective.

Fine Art Logistics

We handle domestic and international transport, customs, and urgent requests, providing efficient and secure solutions via sea freight (FCL/LCL), air freight, local delivery, courier, and hand-carry services, supported by insurance coverage and ATA Carnet assistance.

Heavy lift service

For bulky or oversized artworks, we pre-visit to evaluate the need for special equipment and develop a precise plan for the entire process.

Art Handling

Our team is experienced in installation and uninstallation from an individual artwork to a collection. We have taken part in many challenging and unusual exhibitions. We perform on-site measurement and evaluations in advance to decide the best way for handling the job.

We offer hanging systems to allow you display artworks professionally, flexibly and securely. We would suggest rails and grippers according to the wall and ceiling. For client request for secure hanging in public area, we would provide T- screw security hangers.

Framing Service

We provide framing and customization services for artworks. Based on the style and size of the piece, we assist clients in selecting suitable frames, mats, and protective casings (such as UV-filtering or anti-reflective types). We pay attention to the details of framing to ensure artworks are well-protected and complement the overall style of the display space.

Restoration Service

Restoration Service for various type of art pieces, like paintings, sculptures, antiques, furniture etc. Our experienced conservators address issues such as paint loss, discoloration, mildew cleaning or object damage. We prioritize the use of reliable materials and techniques to stabilize the condition of artworks and to maximize the possibility to recover to original appearance.

Fine Art Warehouse

Our facility features large-capacity cargo lifts, direct container access, a dedicated ramp for oversized items, 24/7 CCTV, and a police-linked alarm. The facility is climate-controlled with real-time monitoring, fireproof infrastructure, and alarmed water detectors.

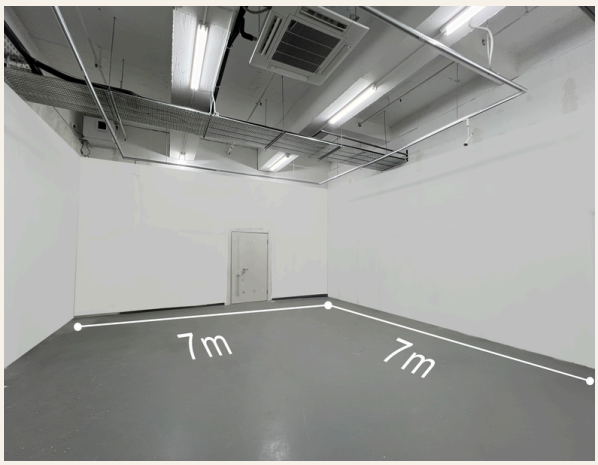

Private Storage

Offers custom shelves for artworks and crates. Private rooms have individual security (fingerprint scanners, CCTV). Additional services include photography, framing, and a viewing room. Features a 4.69m ceiling, limited access, and a dedicated climate system.

Crating & Packing

We provide custom solutions for packing challenges, designing and bespoke of wooden crates from simple poly-lined crates to museum travel crates. our team selects suitable materials with shockproof, waterproof, increase of stability, warning signs of directions and handling cautions, secure of inside fixing, to minimize chance of damage during freight transportation.
